

Tifway 419

Tifway 419 Bermuda has been used for more than 50 years, providing high quality turf performance in a variety of applications. Tifway's density and quick recovery from injury make it a durable Bermudagrass with excellent traffic tolerance. It performs reliably in residential and commercial settings as well as on sports fields and golf courses.

PERFORMANCE RATINGS

CHARACTERISTICS

APPEARANCE Fine leaf blade; bright green during growing season, warm brown in dormancy; good fall color retention	SHADE TOLERANCE Low
	DROUGHT TOLERANCE Medium
